Everyone Needs Hope!

Pastor Odman and Pastor Elucien envision a transformation in the churches of Haiti. This is no easy task. The challenges are great. It can't be done by only starting new churches. It takes a wholistic approach that encompasses community development projects, micro-business programs, agriculture initiatives, all the while doing spiritual ministry!

Berthony Elucien and Odman Charles

The vision is HUGE.... God sized. We are taking steps...

Pray that God will give wisdom and provide for all that is ahead.

We are all commissioned... Go

We depend on partnerships, because we are better together. Individuals, local businesses and organizations make it possible for us to offer hope to our diverse community. The following are making a difference in measurable ways:

- Community Minded Companies
- Visionary Generous Individuals
- Churches
- Social Service Organizations
- Schools / Universities

Ways to Partner

We depend immensely on individuals who give out of their blessing and abundance. We find that many creative ways exist to help us reach out a helping hand to those in need.

- Volunteer Time - come help us
- Donate - Give resources creatively (ask about year end giving ideas)
- Connect - Introduce us to your organization or company as a service partner.

If you are interested in making a positive impact in our community through your partnership, please contact us today.

Haiti

Helping Hand Outreach A Brief History

The need was apparent, so we had to help.

Pastor Odman Charles and his wife Marthe, moved to Bradenton in July 2010 and soon discovered that no church in his immediate community was helping the underprivileged in need. He soon put into motion a model for community interaction that he had begun in West Palm Beach. In these brief years, the program has expanded and is currently reaching in excess of 75 families every Thursday with the *Helping Hand Outreach* food pantry. They have distributed approximately 140,400 lbs. of food to needy families in Bradenton over that period.

West Palm Beach is continuing to provide food to 30-40 families every Saturday.

The program needs to expand. We are praying that God supplies us with the following:

- The use of a warehouse
- The use of a truck with trailer, or a box truck
- An intern to develop an ESL program
- An intern outreach coordinator to connect with corporate partners
- A volunteer grant-writer

Mission:

Helping Hand Outreach works to alleviate the plight of the underprivileged and make them ultimately self-sufficient, using the resources of its food bank, local corporate sponsors, and social services programs.

Vision:

Helping Hand Outreach offers hope to the underprivileged, providing food, job training, language learning and other basic needs to the culturally diverse community in which we live.

New Hope Coalition exits to be a catalyst for transformation by coming alongside all people to help them discover and live their God-given potential

People Matter

Everyone needs hope! We seek to infuse the hopeless with a glimmer of anticipation that the future may offer hope.

We Are Better Together

Individuals and Corporate Partners all have a part to play in positively impacting our community.

Diversity Celebrated

All cultures and backgrounds contribute unique perspectives to a better world. We can learn some wonderful things from each other.

Everyone Can Help

Volunteers of all backgrounds, ages, and abilities can impact someone in need.

Ti

Tabernacle

of Thanksgiving to the Lord (est. 2012)

began as a time of fellowship and Bible study in Pastor Odman's small apartment. He did not intend to start a church, but God had other plans. Two different locations now serve communities in Bradenton and West Palm Beach.

Leadership Development (est. 2011)

Leaders are not only born they are made. They rise to the top. They make themselves known. And.... they seek out training.

New Hope Coalition knows the importance of developing and encouraging leaders. In an effort to further the greater Kingdom of God, leaders from other local churches come for a systematic two year spiritual formation regimen. Basic theology, Church Practice, Practical Theology and Lessons in Bible Study Methods provide a foundation for eager students. These materials are being used both here in the United States and in Haiti as young church leaders are digging deep.

New programs are being developed to provide scholarships to promising church leaders to attend Bible College in Haiti and for Primary and Secondary School children.
